

OVERVIE

WHAT IS PARALLEL
STRUCTURE
(A.K.A PARALLELISM)?

Parallel structure is the repetition of a grammatical form within a sentence in order to improve readability.

Parallel structure can help you be more concise, make your sentences flow better, and give priority to important details.

Non-Parallel Structure:

Carlos enjoys runninging, paintinging, and to eat.

Explanation:

This sentence lists three things that Carlo

Non-paralle

Non-Parallel Structure:

Drug side effects may include blurry vision, blindness,
or teary eyes.
