PROCEDURES FOR DEALING WITH DISRUPTIVE INDIVIDUALS FOUNDATION CENTRAL OFFICE

Your safety is of the utmost important to the Foundation. To assist you in handling situations as they occur, we have provided the following information:

IDENTIFYING STRANGERS IN THE BUILDING

The Front Desk attendants will inquire of any unfamiliar persons as to whom they are visiting and announce the visitor to who they came to see. Please do not hesitate to inquire of anyone who seems to be wandering in the office as to who they are here to see. We would prefer to unintentionally offend someone than to allow an uninvited and unauthorized individual into our secured areas.

Side Note: It is also wise to make sure your personal belongings are secured and/or out of sight, especially during slow activity times such as lunch hours.
